Competitive Edge

- **Lowest cost color** - one box of color ink *costs less than half* of comparable color laser printer cartridges
 - > [View SpencerLab Digital Color Laboratory analysis \(PDF\)](#)
- **Cartridge-free** design means loading ink is as easy as loading a stapler - no other printer can make that claim
 - + [Watch video about solid ink](#)
 - [Quicktime](#)
 - [Windows Media](#)
- **Unique solid ink** color technology is only offered by Xerox
 - > [How does solid ink work?](#)
- **Better for the environment** with 90% less waste generated compared to typical color laser technology
 - > [Solid ink's environmental benefits \(PDF\)](#)
- **Truer, more saturated color** that is remarkably consistent on virtually any media compared to laser and inkjet
- **Easier to install** on the network than competitive products
 - > [See how easy it is to install](#)
- **Small solid ink packages** conserve storage space compared to bulky toner cartridges
- **Faster to first page** than competitive products with a first-page-out time of as fast as 5 seconds in color

Cost-Saving Features

- **Color for black-and-white prices** so you can afford to print all your documents in attention-grabbing color
 - > [Read IDC white paper "A Color Cost Per Page that Rivals a Black Page Lifts the Final Barrier to Color Adoption and Usage" \(PDF\)](#)
- **The print volume advantage:** If you print at least four reams of paper each month, the Phaser 8860 will deliver a color cost that's the best deal going
- **Create better documents** when they're in color - more sales, better retention, higher response rates, and fewer mistakes
- **Save on shipping costs** due to the smaller solid ink packages compared to toner
 - + [more features](#)
- **Save real estate** in your office with ink packages that are small enough to fit in a desk drawer
- **Save paper** with two-sided printing
- **N-up feature** prints multiple pages on a single sheet, saving paper,

[See how easy it is to install](#)

- **High duty cycle** of up to 120,000 images per month means the Phaser 8860 color printer is built to handle high print volumes
- **Instant on-screen alert** notification and help when a print job needs attention thanks to Xerox PrintingScout™ technology
 - [more features](#)
- **Intuitive front panel** allows you to get instant job status, cancel a print job, and get graphical help
- **Access device and job status** as well as accounting information from your computer via the Xerox CentreWare™ IS embedded Web server
- **Prints are secure** with Saved Print feature, which won't print the job until you enter a PIN on the front panel (optional)
- **Electronically "shreds" data** stored on the hard drive (optional) as part of routine job processing
- **Adobe® PostScript® 3™** print language ensures your jobs are printed accurately every time
- **Automated online troubleshooting** with PhaserSMART™ gets you back to work fast

Environmental Features

- **Generate 90% less waste** compared to typical color lasers over the course of printing 100,000 pages
 - > [Solid ink's environmental benefits \(PDF\)](#)
- **Safe, non-toxic** solid ink is easy to handle, there's nothing to spill, leak, or smudge on your clothes, and it's 100% dust free
- **Fewer trucks on the road** due to the smaller solid ink packages compared to toner - you'll save on shipping costs also
- **Use recycled paper** in the Phaser 8860 color printer as much as you like and still get vibrant, high-quality color
 - [more features](#)
- **Less energy is used to manufacture** solid ink due to the simplicity of the design
- **Save paper**, money, and trees with standard two-sided output on the Phaser 8860 color printer
- **Free GreenPrint software** with your new solid ink device saves paper, ink, money, and trees
 - > [learn more about GreenPrint](#)

Software Solutions

Digitize . . . Organize . . . Distribute . . . Collaborate
